

# Mi Chamocha

Write the **English words and phrases** into the squares, one word/phrase per square, in any order. Your teacher will then call out the **words in Hebrew** (below) randomly. When you get five in a row, you must repeat the words to the class **in Hebrew** to get your BINGO.

they said    who    joy    say (root)    can compare to you  
 great joy    who can compare to you    heart    great (f.)    peace  
 all of them    and    I    you    good    house    bless (root)  
 hear (root)    listen!    in/with    Moses    Israel    one    love (root)

<p>Students will need to write small to fit some of the phrases in the squares. Because they are writing the words in any order, each student should end up with a different BINGO card. Use the game dictionary on the next page to help call out the words. This Bingo game also includes words from the Shema, so you may need to help out with some translations.</p> <p>(Game dictionary is on next page)</p>
